Node.js: 换个角度看世界

天猫双十一历年成交额

Node.js® is a JavaScript runtime built on Chrome's V8

JavaScript engine.

Ryan Dahl

Father of Node.js

Development expert for high performance web services

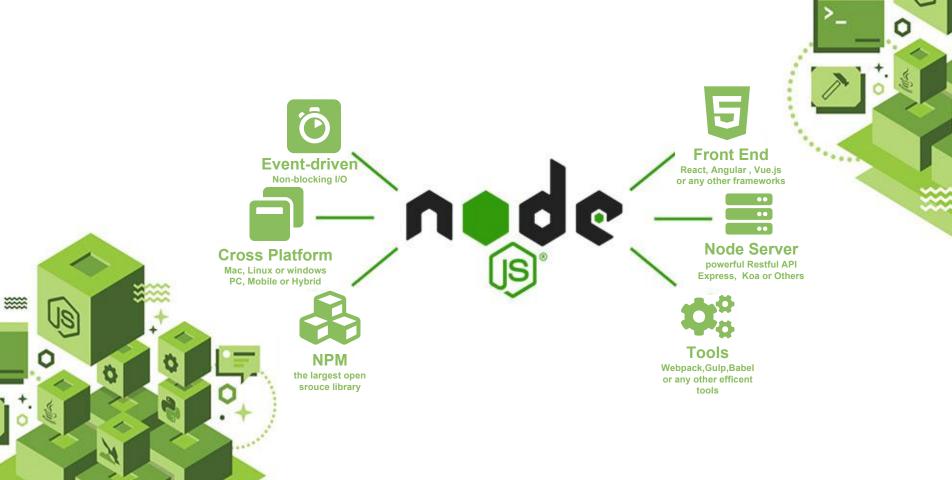

2009年的2月,他提交了项目的第一行代码,这个项目的名字最终被定名为"node"

2009年5月, Ryan Dahl 正式向外界宣布他做的这个项目 2009年底, Ryan Dahl 在柏林举行的 JSConf EU 会议上发 表关于 Node.js 的演讲, 之后 Node.js 逐渐流行于世

How about Node.js now?

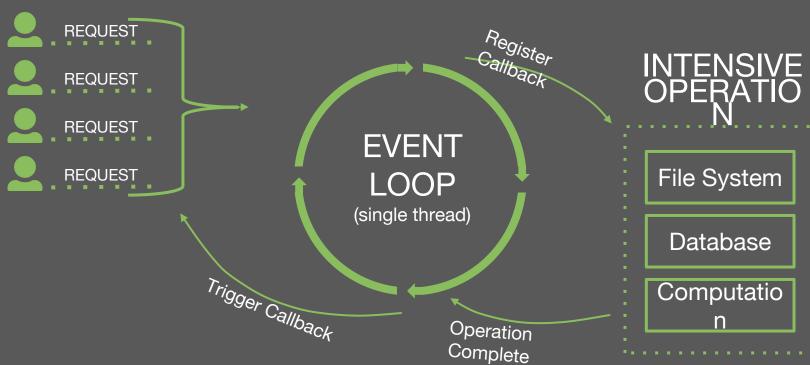

expressive accessible enabling awesome important strong universal open available familiar versatile perfect swiss army knife development speed intuitive complex pragmatic sexy fun great amazing modular community effective performant convenient api moving stable ubiquitous robust streams language to beautiful ecosystem manager agile small isomorphic async runtime future best secure to the compatible community solid community solid compatible compatible to the compatible server friendly community solid compatible compatible server friendly community solid compatible server friendly community solid compatible stable ubiquitous useful happy performance reliable server friendly community solid compatible solid compatible server friendly community solid compatible compatible compatible server friendly community solid compatible compati async runtime future best secure incredible extensible futuristic javascript without browser scalability efficient love fantastic server-side modern nice productivity portable excellent everywhere asynchronous light-weight evolving faster server side javascript concise light popular powerful enjoyable

Core technologies about Node.js

- □ Node.js 性能很好
 - □ 选择 C++ 和 V8 而不是别的也是基于性能的考虑
 - □ 以单进程、单线程模式运行(和 Javascript 的运行方式一致)。没有 多线程的资源占用和上下文切换,这意味着面对大规模的 http 请求, Node.js 凭借事件驱动搞定一切

□ Node.js 支持 JavaScript

- □ 在技术社区中有相当的号召力
- □ Javascript 的匿名函数和闭包特性非常适合事件驱动、异步编程
- □ 有 Google V8 引擎的加持, Node.js 的性能也是受益其中

Histories about Node.js

Ryan Dahl 在柏林 举行的 JSConf EU 会议上发表关 于 Node.js 的演 讲,之后 Node.js 逐渐流行于世

2010 -

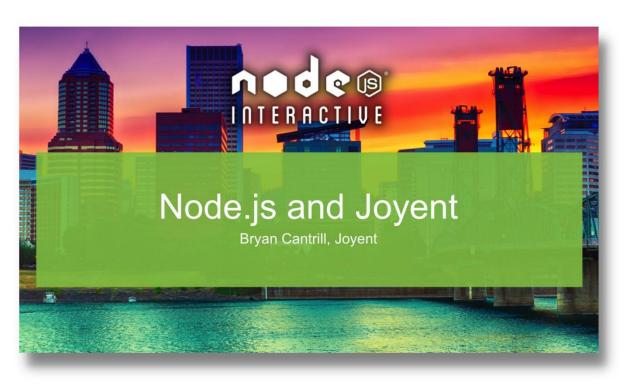

- 2012

2010-

Joyent公司 意识 到 Node.js 项目 的价值, Joyent 用很少一笔钱从 Ryan Dahl 手中买 走了 Node.js

- 2012

Node.js and Joyent

2013 -

2010 -

— 2012

Node.js 如日中天 的时候,Ryan Dahl 选择离开了 Node.js。npm 的 作者 Isaac Schlueter 接替他 登上了项目组的领 导岗位

2013 —

2010 —

About npm, Inc.

npm, Inc. is a company founded in 2014. Its executive team is:

- Isaac Z. Schlueter, Chief Open Technology Officer
- · Ahmad Nassri, Chief Technology Officer
- Dawn Umlah, Chief Operating Officer

 Alan Palance Visa President of Facility and Palance Visa President of Palance Vi
- Alex Robson, Vice President of Engineering
- Adam Baldwin, Vice President of SecurityKathy Doucette, Vice President of Finance

npm, Inc. is dedicated to the long term success of the JavaScript community, which includes the success of the open-source Node, is and npm projects.

At npm, Inc. we do three things to support this goal:

- 1. Run the open source registry as a free service.
- 2. Build tools and operate services that support the secure use of packages in a private or enterprise context.
- Create innovative paid products which enhance the lives of professional JavaScript developers around the world.

2013-

Isaac Schlueter

决定让 npm 走商

业化路线, 因此他

向 Joyent 递交了

辞呈,成立了一家 公司 —npm 公司

2014.8—

以社区里非常有威 望的 Mikeal Rogers 为首,几 个重要的核心贡献 者,发起了 io.js 项目,宣告了 Node.js 社区的正 式分裂

● — 2015.5

2016.3 **—**

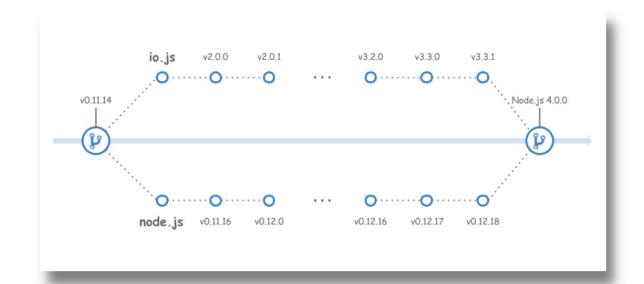

node.js vs io.js

What, why and which should I use?

— 2015.5

Node.js 顾问委员会最终决定与 io.js 进行和解, 共同制定一个新的 管理模式来确保 Node.js 的下一步 发展。

2016.3

模块仓库的中心化(甚至由私人所控制)是一种不幸。

---- Ryan Dahl

2016.3

left-pad事件:

一个 11 行的模块

引发的血案

♀ 如何看待 Azer 删除了自己的所有 npm 库?

Q&A

敬请期待~~~~
